Rohtak, 8th July 2015: Su-Kam Power Systems Ltd., India's leading power back up solutions provider, supports the first blood donation camp organized by Shree Harbans Lal Samaj and Gramin Vikas Samiti at Baniyani village located at Rohtak district of Haryana. The Village Baniyani organized the first Blood Donation Camp today in the presence of Mr. Kunwer Sachdev, Managing Director, Su-Kam, Mr. Manish Grover, Member of Legislative Assembly, Rohtak and Mr. Dushmant Kumar Behra, Deputy Commissioner, Rohtak.

Speaking on the occasion, **Mr. Kunwer Sachdev, Managing Director, Su-Kam said, "We are pleased to take such an initiative and we believe that a country can only be developed, when the villages and blocks are given due importance and attention".**

"Power crisis remains to be one of the major problems that rural India is grappling with. Use of renewable energy, especially solar energy is the best possible way to combat the power crisis that the country is faced with. In Baniyani we will be using solar power to improve the lives of the people," added Mr. Sachdev.

Su-Kam adopted the village in April 2015 to help in the overall development of the village through solar power. Under this initiative, Su-Kam has already installed 5 DC systems in the schools and hospitals and also installed street lights in the village. DC Solar system comes with- 50 AH solar battery, 1 solar fan, 1 Led light, 1 DC inverter and 1 solar panel of 150 watt. In the next phase, Su-Kam plans to solarize the entire school and hospital and develop roads and infrastructure.

Su-Kam is one of the top players in residential solar market with 20.6% market share and pan India presence. A continuing focus on quality and strict adherence to international standards has enabled Su-Kam to export its products to various overseas markets across Asia, Africa, the Middle East and the Pacific region.
